QNET provides resources, information session and training on Board Governance as part of QNET's focus on improving quality and organizational effectiveness.

In response to Board Governance activities initiated in 2001, QNET, in partnership with Industry Training Partnerships, Manitoba Advanced Education & Training, funded the development of the QNET Board Governance Criteria.

Enable your board... The QNET Board Governance Criteria is designed to enable not-for-profit boards to periodically assess Board performance against 23 indicators. The QNET Board Governance Criteria can be used with a wide range of governance models and does not advocate one model over another. You will see influences of a *combined approach to governance*. This introduction to the QNET Board Governance Criteria will include background information and an overview of the Criteria and Assessment Tools.

Speakers...

- **Ken Holland**, Chair of the Board, QNET
- **Joe Mackintosh**, Mack-Plan Learning Systems
