

QNET PRESENTS:

Management & Leadership: Manitoba Best Service Excellence

Tuesday, October 26, 2004 - 8:30 a.m. to 4:30 p.m.

LOCATION: MTEC Learning Centre, 115 - 1821 Wellington Avenue

QNET provides resources, information session and training on Management & Leadership as part of QNET's focus on improving quality and organizational effectiveness.

Presented in partnership with:

*Industry Training Partnerships,
Manitoba Advanced Education
& Training*

QNET is partnering with the Manitoba Tourism Education Council (MTEC), which delivers and promotes training in the tourism and hospitality industry, to bring Manitoba Best customer service seminars to businesses across different sectors and industries.

When customers encounter outstanding customer service that exceeds their expectations, they usually spread word of their positive experience and may even be inclined to return, spending even more money.

Manitoba Best Service Excellence is an interactive seminar designed to help staff take customer service to new heights. Since customer service impacts whether a business just survives or stands out from its competition, staff need to be equipped with information, techniques and skills to help them deliver superior service. Everyone who participates in this seminar, no matter their experience level, walks away with a new understanding of what it takes to impress customers - and how they can do it.
