

QUALITY & LEAN THINKING

QNET presents:

Six Sigma Information Session

Wednesday, March 18, 2009 – 7:30 a.m. to 9:30 a.m.

This session will provide an overview of Six Sigma, along with information on upcoming QNET Six Sigma training opportunities here in Manitoba.

Courses to be offered by QNET (spring and fall of 2009) include:

- **Yellow Belt Certification** (four half days + project + exam) – Learn the fundamental concepts of Lean and Six Sigma, problem solving methodology for Six Sigma and Lean, basic statistical concepts, the 7 Quality Control tools, and complete a “real” Yellow Belt project.
- **Green Belt Certification** (five full days + project + exam) – Learn the fundamental concepts of Six Sigma improvement methodology and building-block tools, develop critical thinking, facilitation, coaching, presentation, and data analysis skills, get “real results” with a strategic Green Belt project.
- **Green Belt PLUS Certification** (five full days + project + exam) – Internalize Six Sigma improvement methodology, learn more sophisticated statistical concepts, methods and tools, ongoing skill development and get “real results” with a strategic Green Belt PLUS project.

If you are interested in learning more about Six Sigma training or your organization is considering using Six Sigma methodology, this session will provide you with information you need to make your decision.

Facilitator: Vern Campbell is General Manager of CML Northern Blower and an Affiliate Consultant with Process Management LLC, a leading management consulting firm that specializes in assisting clients to implement Six Sigma within the framework of an integrated Enterprise Improvement System. Northern Blower is currently working to integrate Six Sigma methods, the Toyota production System, ISO 9000:2000 and Strategy Management into an overall Enterprise Improvement System.
