

SUBJECT: QNET Conference LINK / LOGIN Instructions

Are you excited about the 2021 QNET Conference for Leaders this week?

QNET is using an online platform called Whova for our event. It is a "Zoom Wraparound" which means that Zoom is used for all sessions / presentations.

You can access the conference directly from your browser using this link (no download required):

https://whova.com/portal/webapp/qnet_202105/

A few important tips:

- Be sure to use **Chrome browser** for best experience
- Make sure you have the Zoom App downloaded on the device(s) you will be using to view conference sessions. If it's not, you can download zoom here: [Zoom \(Client for Meetings\) download](#)
- If you need to use a different email address in order to access the Zoom App, please send to Catherine at mail@qnet.ca and we'll update your email address in Whova
- **IMPORTANT!** Your email address is your "ticket" to the event and to sign in to Whova
- There is also a Whova App that can be downloaded on your mobile device

If you run into trouble, please contact: qnetmbhelpdesk@gmail.com

For more guidance on how to use Whova, check out the helpful [Whova Attendee User Guide](#).
